## Themes

New business models and value chains

Numbering

Roll-out

End-user

Sustainability

State aid

Roaming

Quality of service

Convergence

Interoperability

On the radar, there are 24 developments that will be relevant to BEREC and NRAs in the next coming years.

1. circles = the developments that have been identified

2. relevance = degree of importance for BEREC and NRAs

3. year = when the organisation should be prepared for this development

This radar should be read in conjunction with the [Report on the impact of 5G on regulation and the role of regulation in enabling the 5G ecosystem](#)
