Role of BEREC

the Body of European Regulators for Electronic Communications

“Committed to ensure independent, consistent and high-quality application of the European regulatory framework for electronic communications markets for the benefit of Europe and its citizens.”

Role of the Agency for Support for BEREC: Main achievements in 2018

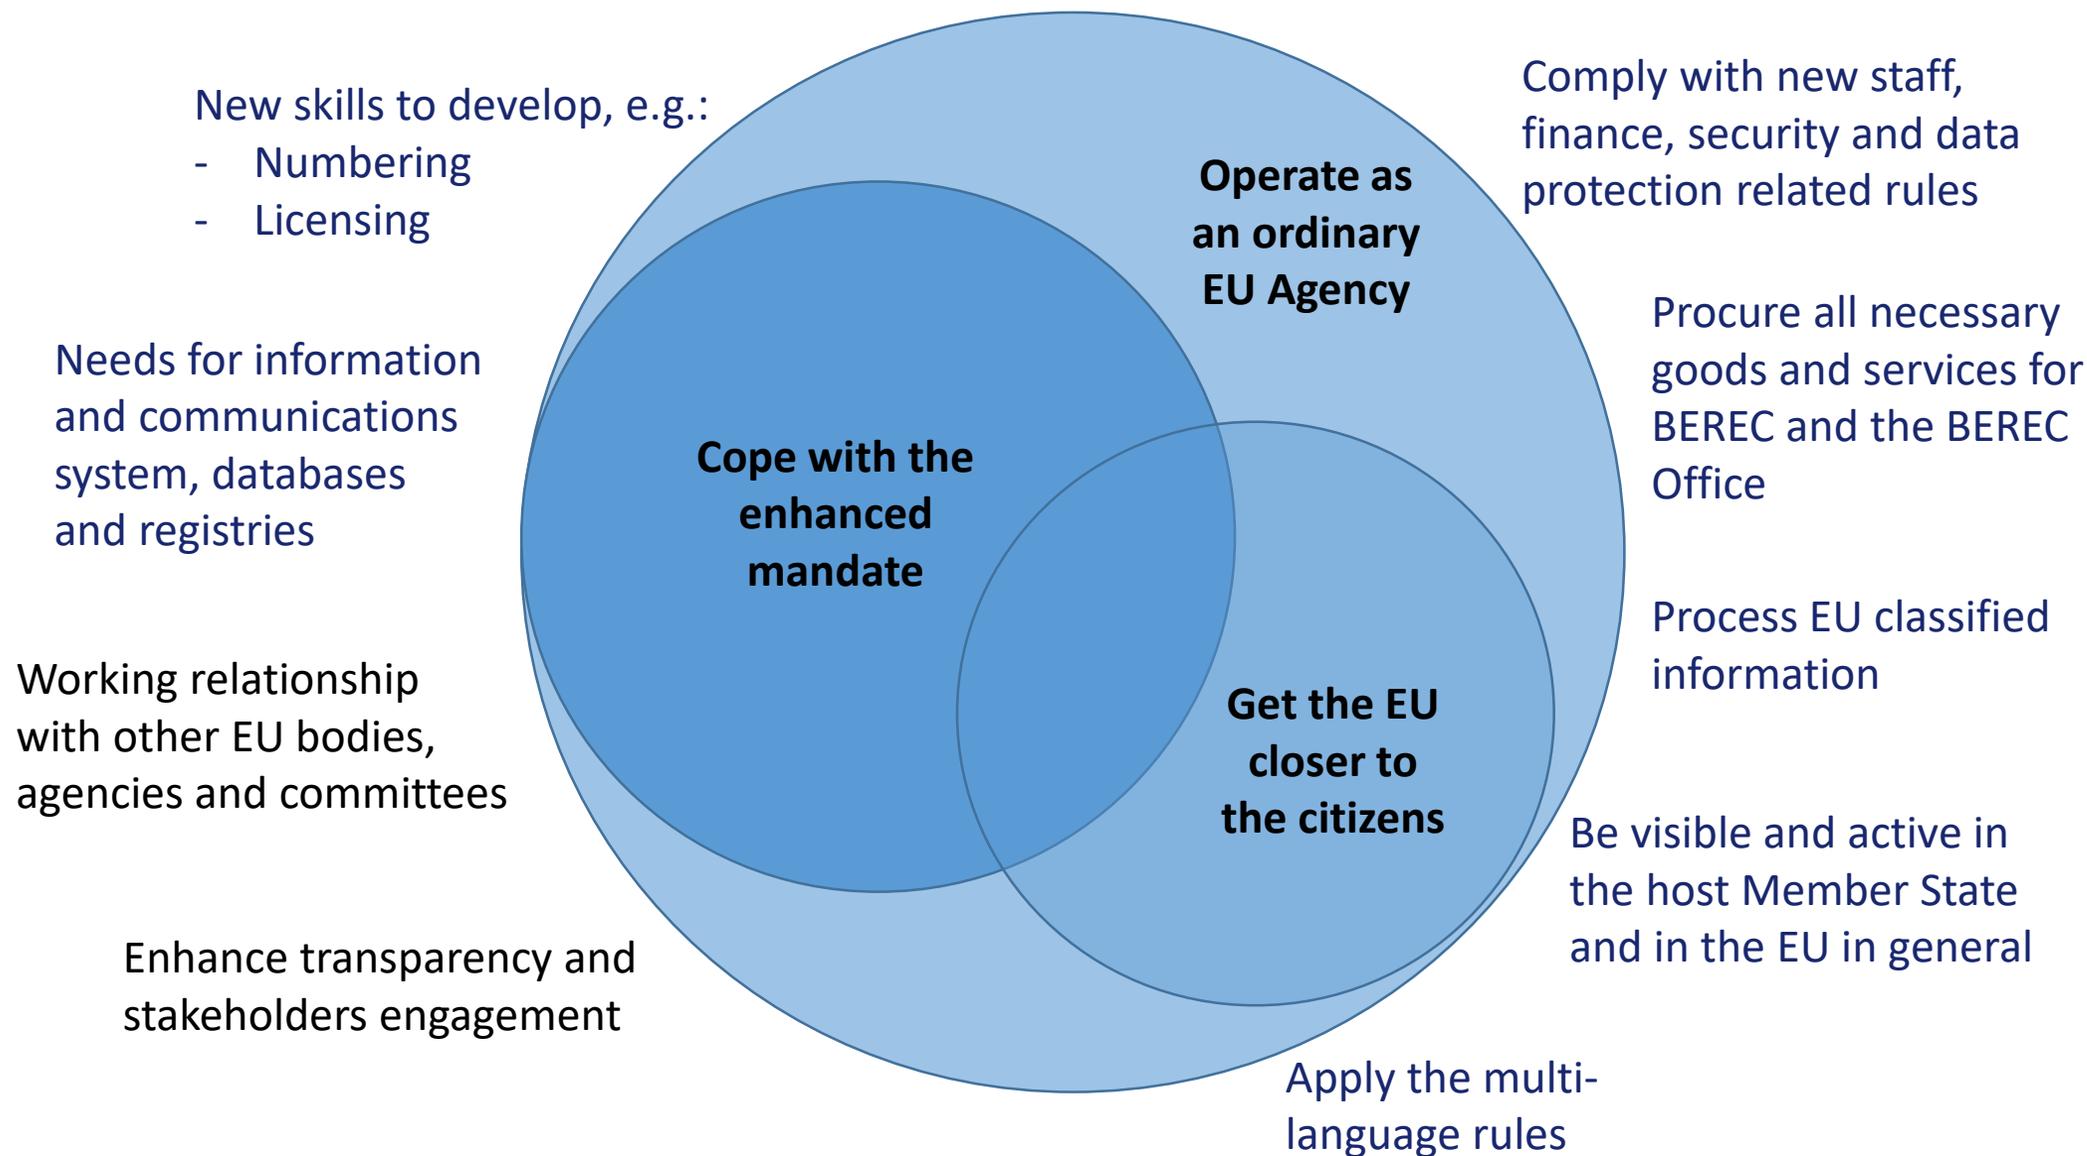

Dark red: compliance and basic functioning

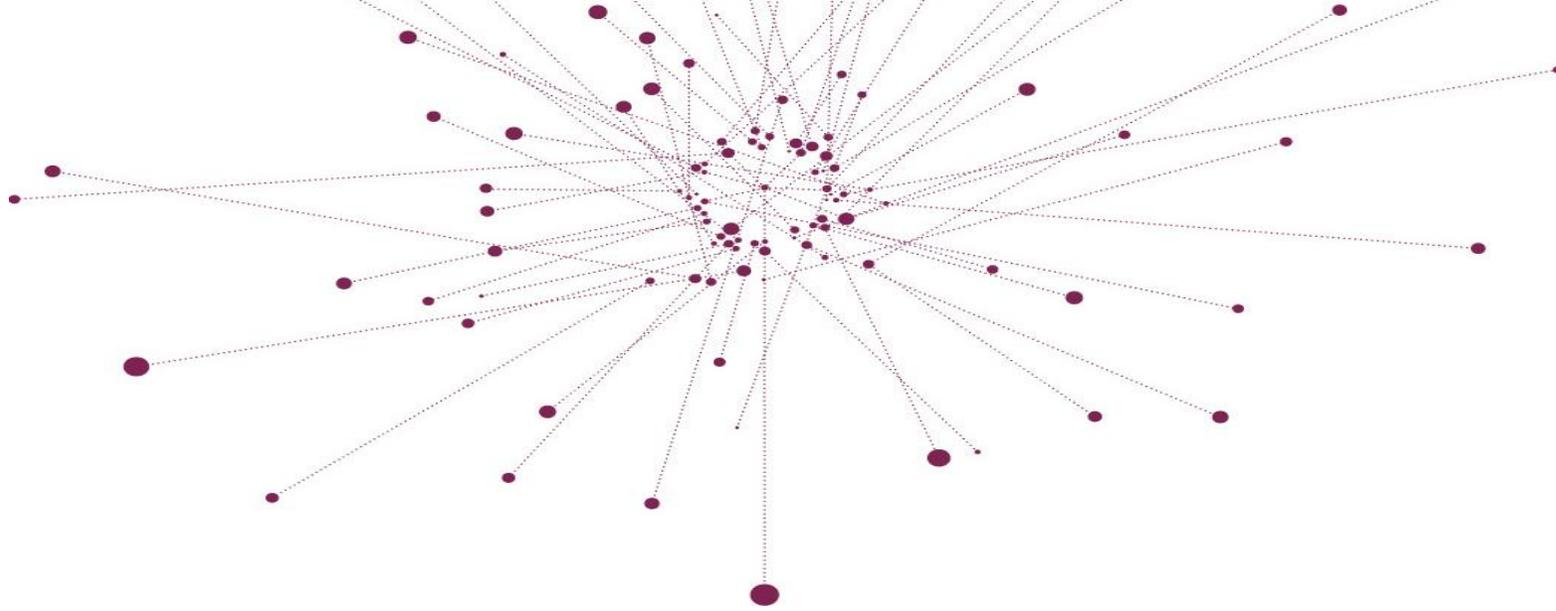

Blue: initial mandate

Green: added since 2014

New mandate 2018 - New challenges for the BEREC Office

- To establish sufficient capacity in the local businesses to submit high quality tenders to the BEREC Office
- To enable the Latvian business to understand the difference between the Latvian and EU rules on procurement
- To develop capacities in the Latvian economic operators to participate in procurement procedures of other EU institutions (European Commission, Council of the EU, European Parliament, etc.) and Agencies (see the list on slide 3)
- To enable any future interested party to gain better understanding of the EU procurement rules by publishing all presentations and the video from the event

Thanks to all partners in the organisation of the current event:

From the Republic of Latvia:

- Ministry of Economy
- Procurement Monitoring Bureau
- Ministry of Transport

From the European Institutions:

- European Commission
- Secretariat General of the Council of the EU
