

Annex I – BEREC Benchmark Intra-EU communication

6 October 2022

Annex I

For the third benchmark definition, BEREC used all the information on intra-EU communication services that were collected for the period 1 April 2021 - 31 March 2022. The updated BEREC benchmark enters into force with its publication and will be updated every October together with the Intra-EU communications benchmark Report. The BEREC benchmark is set to:

- i) 32.9 % for mobile calls
- ii) 50 % for fixed calls
- iii) 31.25 % for SMS
