Office Single Programming Document for the period 2024-2026;

Having regard to the General Budget of the EU for 2024⁴.

Whereas:

- (1) In line with the requirements of Regulation (EC) No 1211/2009 the BEREC Office has drawn up a draft Single Programming Document for the period 2024-2026 containing a multi-annual and an annual work programme, an estimate of its revenue and expenditure, a resources programming document, information on its building policy, strategy for cooperation with third countries and/or international organisations, strategy for achieving efficiency gains and synergies, strategy for the organisational management and internal control systems including their anti-fraud strategy as last updated and an indication of measures to prevent recurrence of cases of conflict of interest, irregularities and fraud;
- (2) The draft Single Programming Document included all necessary actions to implement the mandate assigned to the BEREC Office related to the provision of professional and administrative services supporting BEREC in carrying out its regulatory tasks and the tasks, which would be implemented to ensure compliance with the financial, staff and other applicable regulations, applicable to the decentralized agencies;
- (3) Furthermore, the draft document has taken into account the requirements of Regulation (EU) 2018/1971 envisaging that the BEREC Office should be adequately staffed for the purpose of carrying out its duties and that the number of staff at the Agency should be determined in accordance with the principle of activity-based management;
- (4) The draft Single Programming Document for the period 2024-2026 was adopted by the Management Board in January 2023 by electronic voting procedure and submitted to the European Commission, to the Council and the European Parliament;
- (5) On 29 August 2023 the Commission approved its Opinion on the draft Single Programming Document of the BEREC Office for the period 2024-2026;

- (7) At the same time the Commission has made some recommendations, which have been examined by the BEREC Office Advisory Group and a proposal on how to reflect them in the final Single Programming Document has been passed by the Director to the Management Board;
- (8) The proposal from the Director takes into account the Commission opinion, as well as other important developments, such as the adoption of the Final Budget of the EU for 2024, final BEREC Annual Work Programme 2024, high inflation rate the host Member State, possible negative priorities to be activated in case of financial constraints, and the challenges to meet the requirements of the future cybersecurity and information security legislation.
- (9) On the basis of the considerations mentioned above the Management Board should subsequently adopt the final Single Programming Document, which should be submitted to the European Parliament, the Council and the Commission.
- (10) The single programming document shall become definitive after adoption of the general budget of the Union and, if necessary, shall be adjusted accordingly.
- (11) The delegation of powers to the BEREC Office authorising officer to make non-substantial amendments to the annual work programme of the BEREC Office as defined in Decision MB/2023/01 of the BEREC Office Management Board on the adoption of the draft Single Programming Document of the BEREC Office for the period 2024-2026, should not be amended;
