**Introduction by**

Communications ENG Co-Chairs (AGCOM/ANCOM)

*Paola Calestani (p.calestani@agcom.it)*

*Catalina Dragomir (catalina.dragomir@ancom.ro)*

**Information presented**

The Communications ENG Co-Chairs provided an oral update to the MB on the ongoing activities, in particular:

- the new BEREC website design and content project, going live in the middle of July;
- the Sustainability communications campaign, dedicated to the report of the Sustainability Working Group (WG) adopted at Plenary 2, to be launched after the public debriefing on 12 June 2024.

The Communications ENG Co-Chair informed the MB about the main projects executed by the ENG in Q1 and Q2 this year. She noted that two successful external workshops were organised, for which the Communications ENG prepared the promotional activities. Both events were very well attended, also thanks to the efforts that were put into promoting them.

Another Co-Chair informed the MB that for the Sustainability communications campaign, the external contractor had finalised the creative concept and the communications assets. The hashtag #EmpoweringGreenEU and the slogan “Sustainable is the New Smart” will be used. It is suggested to adapt the hashtag for each country, for example, “EmpoweringGreenItaly, #EmpoweringGreenLV, etc. The Co-Chairs informed that the campaign was developed in close cooperation with the Sustainability Working Group Co-Chairs, and all of the comments from the CN2 meeting were discussed with the respective parties. The social media campaign will be launched in mid-June, with the launch at the BEREC Public debriefing. The draft visuals and one of the animated GIFs
were presented to the MB. The Co-Chair underlined that the BEREC NRAs are encouraged to support in sharing the content through their own channels, as it will make the campaign more successful. It will be possible to adapt the content to the local languages of the NRAs, if necessary. Additionally, the BEREC Office can support with translation of the content, with the help of an external contractor.

The Communications ENG Co-Chair informed the Meeting participants that meetings with the WG Co-Chairs would take place to discuss the tentative communications activities according to the preliminary 2025 BEREC Work Programme (WP 2025) to be included in the 2025 Communications Plan Outline. Moreover, dedicated meetings with the ComReg Incoming Chair’s team for 2025 will be organised for drafting the Message House 2025 document.

As for the BEREC website and content project, the Co-Chair informed the MB that the project was on track. The Communications ENG and its Co-Chairs stated they were satisfied with the progress and thankful to the BEREC Office Communications team for their great efforts in the project.

The Co-Chair noted that the development of the website design was complete. The Co-Chairs informed the MB that the indicative Go-Live was 15 July 2024. The Co-Chair reminded Meeting participants about the interactive stand, run by the BEREC Office Communications team, available to all Plenary attendees during both Plenary days. At the stand, participants will be able to see the new website design and content. This activity was foreseen in the BEREC Communications Plan 2024 as an internal launch event of the new website design and content.

### Conclusion

The MB took note of the information.

The BAG Chair informed the MB about the recent BEREC Office Advisory Group activities, including the outcome of its 2nd Ordinary Meeting held on 10 May 2024. She presented to the MB the documents as listed above and the BAG opinion concerning them.

The MB was updated about:

- Discharge 2022;

The MB was informed that the discharge on budget 2022 was granted with limited observations and very positive comments, and that no major issues were identified. In autumn 2024, the BEREC Office Director will have to report to the Discharge Authority about the actions taken by the Agency to addressing the observations and the recommendations included in the resolution accompanying the discharged decisions.

- Draft Consolidated Annual Activity Report (CAAR) 2023;

Work on the document is progressing according to plan. The document will be submitted to the MB for approval via an e-voting procedure after Plenary 2 2024.

- Status update on House of Europe (HoE);

The MB was informed about the procedure and the next steps, mainly the need to sign the Memorandum of Understanding (MoU) with the EP. The current lease for the BEREC Office premises is valid until 2028. The MB was informed that the Director ad interim could not sign this long term commitment and that it could only be done by the new Director after taking office. Another issue that was reported was related to the increase of the rent price and the lack of an increase in the BEREC Office subsidy to cover it from the BEREC Office budget.

The Director ad interim recalled that in March 2023 the MB took a decision according to which the BEREC Office should fine its new premises on the private market. The decision was motivated by the fact that the current building, which is a historical building, is not compliant with the security requirement of the EC; it does not meet the current requirements for energy efficiency and its renovation to meet those requirement will lead to rent equivalent to market price. However, during the renovation the Agency will have to be relocated to a temporary headquarters.

The Director ad interim noted that the draft MoU with the EP contained obligations for the BEREC Office to cover associated costs of the procurement procedure (based on the size of the space to be occupied by the BEREC Office in the future premises, this was calculated to amount to EUR 75K, which corresponds to 50% of the costs). The Director ad interim also noted that should the BEREC Office budget not be increased and the rent go up, there might be budgetary implications also for BEREC.

- Staff matters.

The BAG Chair presented the draft Decision on the designation of the Reporting Officers of the BEREC Office Director for the probationary and
management trial period. Based on the applicable MB decision the default reporting officers should be the BAG Chair and the EC representative at the MB. The MB may designate as Reporting Officer(s) additional MB member(s) who are chosen on voluntary basis from among the other MB members.

In accordance with the legal framework in place and following the expression of interest of one MB member to acts as Reporting Officer, the MB is requested to designate for the probationary and management trial period of the newly engaged Director the following persons:

- Annegret GROEBEL, Chair of the BEREC Office Advisory Group;
- Jesmond BUGEJA, member of the BEREC Office Management Board;
- Roberto VIOLA, Director General of the Directorate-General for Communications Networks, Content and Technology, representative of the European Commission at the BEREC Office Management Board. In this capacity, Mr Viola may delegate the preparatory work for the appraisal to a senior official at the EC services, for example, to Ms Kamila Kloc.

Since the decision has to be taken before 1 July 2024, when the new Director would start her duties, the MB was asked to approve the decision for publication.

Conclusion

The MB took take note of the information and approved the document for publication and implementation.

BEREC Office has managed to reach a satisfactory level of compliance with EUDPR taking into account the development of a data protection culture within the Agency, the high number of Records of processing operations and the absence of infringements and of EDPS reprimands and/or sanctions.

Lastly, the DPO presented future compliance challenges that are being addressed already in the present time, such as the implementation of privacy, by design and by default, of new ICT systems and tools, and the compliance with the personal data transfer requirements for transfers outside the EU/EEA.

At the end of its presentation, the DPO mentioned that its Report is to be sent, for transparency reason, to the European Data Protection Supervisor (EDPS). However it is not releasable to the public and should be kept confidential by the targeted audience.

**Information presented**
The Chair of the ad hoc team presented to the MB the Working Group recommendation on the assessment of the application of the NRA of Moldova (ANRCET) to become a participant without voting rights.

The MB was be asked to decide whether or not the application was eligible and the NRAs could become participants without voting rights in BEREC and BEREC Office.

As a next step, the Working Arrangement needs to be drafted and the WAs currently in place will serve as a reference.

In addition, the MB was informed that the application of the NRA of Georgia (ComCom) had currently been put on hold. The assessment will be finalised once the revision of the Association Agreement and its relevant Annex is adopted (as was the case for Moldova in October 2023). The draft updated Annex covering electronic communications is still under discussion between the EC and the Georgian Government.

**Conclusion**
To MB approved the documents for publication.
